

ULTIMATE DOWN CARE KIT

Environmentally friendly down care set which restores the performance of items filled with down in one single wash.

	How to wash: Shake the bottle		How to proof: Shake the bottle
	Put 75ml into the detergent compartment		Put 75ml in the fabric softener compartment
	Wash according to the manufacturer's instructions		Wash according to the manufacturer's instructions. Make sure the item is completely tumble dried and is well puffed with the balls as it dries.

Maximizes fullness, restores breathability and extends the life span of down garments. This combination gives you the best possible aftercare. More product information can be found on the individual articles. This care set contains a measuring cup for precise use of the products and dryer balls for maximum filling and a faster drying process.

HOT TIP: Don't forget to remove any tissues, money, or loose items from your clothing pockets before washing.
