

## LEATHER SOAP (RUB ON)

Natural glycerin and lanolin make this soap ideal for cleaning all smooth leather, shoes and clothing.

Extends the life of span the articles.

### How to use:

Apply sparingly to dry and clean leather. Rub onto the surface with a clean cloth

Do not use on suede leather, nubuck or rubber

A very traditional solid soap idea for cleaning smooth leather items such as saddles, bridles and shoes. Can be used on its own for general leather care or with post-treatment for items such as shoes. The natural lanolin and glycerin maintain the suppleness and flexibility of the leather to ensure a long life span.
